

First Announcement

40th Anniversary Meeting of the European Teratology Society

***2 – 5 September 2012
Linz, Austria***

In collaboration with ENTIS and EUSAAT

Invitation

It is our pleasure to announce that the 40th annual conference of the ETS will be held in Linz, Austria. The ETS celebrates with this meeting the 40th Anniversary of the society and invites you to participate in this exciting scientific and social program, in one of the most beautiful cities of central Europe. The continued collaboration with ENTIS and new association EUSAAT serves to broaden the scope of the society and furthermore make this a very special event.

Linz is one of the most beautiful Austrian cities and the third-largest city of Austria. It is located in the north centre of Austria, approximately 30 km south of the Czech border, on both sides of the river Danube. The city was founded by the Romans, who called it Lentia. Linz was first described as the provincial capital of Austria upstream of the Enns in 1490. The historic old city of Linz is where centuries come together. Special highlights are the beautiful baroque facades of the buildings. Historical buildings, impressive churches and one of the largest Medieval main squares in Central Europe conjoin with striking contemporary architecture to form an extraordinary city image.

Scientific Topics Include:

- Education Course – “Study Design and Data Analysis. What does it all mean?”

Symposia

- Joint ETS-ENTIS Symposium: Disease Biomarkers
- Young Scientists Symposium
- Experimental Reproductive Toxicology Symposium (form and function)
- ETS/TS debate: do we get the answers that we need?
- Joint ETS-EUSAAT Symposium: Animal Alternatives

Satellite Meeting

A Satellite meeting by EUSAAT in collaboration with ETS will follow the ETS Anniversary Conference and will be held on September 5, 2012

Further information will be soon available at etsoc.com
